

GOOD LUCK

Join us and find 17 heroes who are building a sustainable world from Leuven!

All over the planet, people and organizations are working together to make the world a better place for everyone. Here in Leuven too, many organizations are committed to this. Join us on an expedition and discover how 17 heroes from Leuven are building a fair world!

The Sustainable Development Goals (SDGs) are 17 promises from all countries in the world to join hands to tackle the most important problems by 2030. At 17 locations in the city you will discover more about these 17 goals and find a riddle related to them.

Mundo Moves is an organization of Wereldfeest Leuven vzw within Mundia and in collaboration with the city of Leuven. Game concept and development: Pilipili Games Graphic design: Altijd Vrijdag
